SUMMARY

Versatile Developer, Designer and Architect with 18+ years of experience delivering scalable frontend systems, immersive UX, and digital products. Expert in JavaScript, TypeScript, Angular, React, GCP, firebase and nodeJS. Strong background in Human Interface Design and Electronics Engineering, blending technical precision with creative innovation. Proven leader in cross-functional teams, agile workflows, and AI-assisted prototyping for high-impact applications.

Currently involved in the development of SrushtiLabs.com and an AI-driven suite of products for building modular 3D worlds for games and visualization projects. More details can be found at <https://srushtilabs.com/voxelforge/>.

Career Objective: Seeking remote and consulting opportunities where I can leverage my entrepreneurial and technology skills, acquired through high-intensity technical roles and startup ventures, while continuing to innovate through my own AI-driven ventures.

CORE SKILLS

- Frontend Development: React, Angular, TypeScript, Web Components
- AI-assisted Development & Automation
- UX Strategy & Design Systems
- Scalable Architecture & Modular Applications
- Interactive 3D, Animation, 3D Modeling
- Agile Leadership & Team Management
- Cross-platform Mobile Apps

EXPERIENCE

Technoyana Digital Transformation Services – Co-Founder & Director | May 2021 – Oct 2023

- Delivered web/mobile apps using Angular, React, React Native, achieving high client satisfaction.
- Evaluated tech stacks and optimized workflows for rapid delivery.

SrushtiLabs.com & Twitan.com (Units of Technoyana Digital Transformation Services Private Limited) | Apr 2025 – Present

- Developed AI-based workflows for generative 3D asset creation and modular bundle assembly for Unreal/Unity.
- Developed AI based modular 3d world creator called Voxelforge AI(<https://srushtilabs.com/voxelforge/>). This app takes a few text prompts from the User and creates modular 3d assets they can use in their games or in visualization products
- Along with srushtilabs, I am building Twitan.com, an AI-driven sports management and scoring platform

Cyient Limited – Senior Technical Lead (React/NodeJS) | Nov 2023 – Mar 2025

- Led development of React-based healthcare application (Philips Intellispace Critical Care & Anaesthesia).
- Architected scalable frontend modules ensuring performance and compliance with healthcare standards.

Ness Technologies – Development Lead | Oct 2019 – Apr 2020

- Architected Angular UI applications with accessibility and security compliance.
- Mentored team to adopt UI best practices, improving delivery timelines.

Moonraft Innovation Labs – UI Architect | May 2019 – Jul 2019

- Designed cross-platform UI Design System using LitElement, integrated across React, Angular, Polymer.
- Led mobile app development for TLC Hotels.

UST Global – Associate Project Manager | Apr 2018 – Feb 2019

- Managed multiple Angular UI projects for Cisco Systems.
- Delivered dashboards and single-page applications improving client reporting efficiency.

UST Global – Senior Systems Analyst | Feb 2015 – Mar 2018

- Developed Angular/Flex applications for enterprise clients.
- Recognized with multiple awards for client-first and value-driven contributions.

ThoughtFocus – UI/UX Tech Lead | Oct 2011 – Mar 2014

- Established design-to-code pipeline with early user involvement via prototypes.
- Delivered enterprise apps using HTML, CSS, Adobe Flex, Flash.

InnoBrik – Co-Founder & Technical Leader | Feb 2011 – Jan 2015

- Spearheaded product development and technical leadership in startup environment.

Independent Consultant – UX Designer & Flex Developer | Apr 2008 – Feb 2011

- Delivered dashboards and data visualizations for Cisco, Vodafone, DGLogik.
- Developed Cisco Facility Dashboard (2009–2010), widely appreciated.

CAE Simulation Technologies – Visual Database Developer | Sep 2007 – Apr 2008

- Created databases of 3D model libraries for military and civil aircraft simulators.

Cognizant – Programmer Analyst Trainee | Apr 2004 – Dec 2004

- Supported DB2, COBOL, Mainframe applications for DUNSLINK project.

EDUCATION

- MS in Computing, Robert Gordon University, Scotland (2005–2006)
- BE in Electronics & Communication, Bapuji Institute of Engineering & Technology, Davanagere (1999–2003)

AWARDS

- Cisco Appreciation for Facility Dashboard (2010)
- UST Global Certificates of Excellence (2015, 2016, 2018)
